**Religious School**

2017/2018 - 5778

**1<sup>st</sup> Grade Program Description**

First grade is where the Torah comes...ALIVE! The curricular theme for First grade is Torah Stories. Each week students explore a new story in the Torah through art projects, music, movement, theatre, and so much more! The format for First grade is one community all together. The class begins and ends with everyone all together; however, the students are often in stations around the room throughout much of the day. The staff for First grade includes 3 teachers and several Madrich (student helpers) who facilitate the many small group activities.
