

Mitzvah Garden of Congregation Shaare Emeth

The Mitzvah Garden of Congregation Shaare Emeth harvested over 130 pounds of produce for the Harvey Kornblum Food Pantry. We are in our second year of production and have 8 raised beds.

Many families have volunteered to water in the garden once a week or once a month. The committee meets an hour via zoom 3 - 4 times a year. If you'd like to be part of this fun farming adventure, please email us. No previous gardening experience necessary!
